

PAR-KY®

your natural wood floor

PAR-KY
LOUNGE

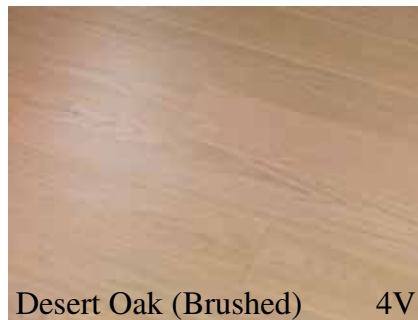

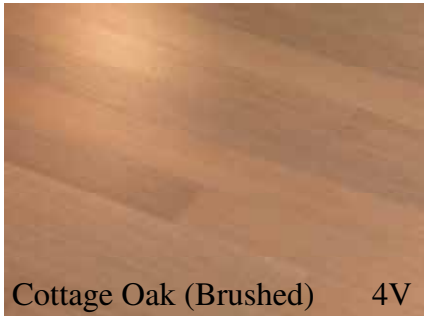

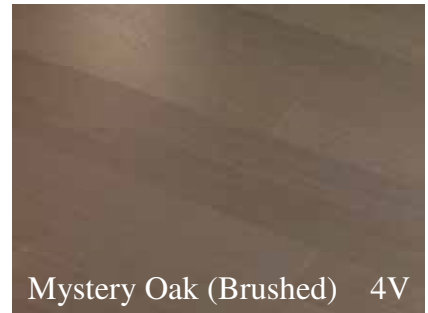

New Sound Enhancing Backer !

The most environmentally friendly floor available, PAR-KY is manufactured using green energy and uses 25 times less timber than conventional solid wood flooring.

With no added formaldehyde and almost zero volatile organic substance emissions, PAR-KY enhances the air quality in every living or working environment.

Colour Range

(March 2012)

PLEASE NOTE: Par-Ky is manufactured from natural timber so colour and grain may vary from samples or photographs presented.
